Attachments: 2021_ARD_PostAwardPlan.docx

Our annual PAMP (Post Award Monitoring Plan) for calendar year 2021 is attached. Please let me know if you have any questions on this. Our requirement for reviews this year was 2. Our selections are 1) one of the Comm. Scale air toxics grants (VADEQ) (I thought this would be good for AJ to get experience completing an advanced review) and Nonresponsive based on revised scope
[redacted] (This grant NEEDS to finish by 9-30 or they will not be able to accept DERA funding for FY 21. My thought here is that we can help them in anyway try and complete what they need to) .

Grant Number: XA96388301 **Grantee:** VADEQ **Program:** Community-Scale Air Toxics Ambient Monitoring (CSATAM)
PO: Amanda McCullough **Start Date:** 10/01/2020 **End Date:** 09/30/2023
Type of Review: Desk

Description: The grant funds will support the Virginia Department of Environmental Quality (DEQ) Office of Air Quality Monitoring (OAQM) for a Community Scale Air Toxics Monitoring project for the Southeastern (Tidewater) Area of the Commonwealth of Virginia. This project is intended to characterize the ambient concentrations of air toxics metals and perform corresponding air quality and health risk assessments for two Tidewater communities: the Lambert's Point Community (LP) and Southeast community (SE) located in Norfolk and Newport News, respectively. This project is designed to develop a local air quality characterization in these communities and perform an air quality and a health risk assessment for air toxics metals. The results of this characterization and the air quality and health assessments will inform future DEQ Strategic Plan objectives to improve air quality and community engagement in underserved communities.

Nonresponsive based on revised scope

Thanks,
Paula Krall

Good Morning-

Just a reminder that your Division's CY2021 Post-Award Monitoring Plans are due to Tanya Dupree (thomas.tanya@epa.gov) tomorrow Friday, April 16th. If you have any questions, please feel free to reach out to Tanya (4-5408) or Jacqueline Guerry (4-2184).

Thanks. Kate

Kate McManus
